To whom it may concern:

Champion Builders Inc. is an outstanding general contractor. They have constructed many complex health-care, industrial, residential and educational projects designed by our office over the past twenty years. They are frequently the low-bidder on competitively bid projects and we are thrilled when that occurs. Their pricing is competitive and they are not "change-order driven".

Their management team and the staff in the field creatively solve problems. They are smart, efficient, fair, focused and well organized. They are experienced performing complex projects that have occupied facilities, special site conditions and critical schedules.

I am pleased to recommend Champion Builders, Inc. as an outstanding general contractor.
