

Champion Builders
239 Pringle Street
Kingston, PA 18704.

On behalf of Bonner Chevrolet, we wish to express our appreciation for Champion Builder's construction performance on our recently completed Dealership project.

Transforming an adjacent pair of aged buildings into a single dealership showroom and service facility, all while keeping the business fully open and operational, was a daunting challenge.

The project's great success was the result of clear focus and whole lot of hard work on the part of Champion's supervision, tradesmen, subcontract team, and management.

Based on your spectacular work on this project, I can provide my full endorsement of Champion Builders as an outstanding general construction contractor.

Regards,

Robert Becker, P.E.
Owner's Project Manager

Richard Crossin
