

January 2020

We are happy to provide this letter of recommendation for Champion Builders, Inc.

Champion Builders, Inc. has worked for us on multiple occasions, from complete site and building projects, to extensive remodels of some of our convenient stores.

They guided us through the process, from design assistance, permitting process, actual construction, close-out, and equally important, in certain situations, allowed our businesses to remain open while maintaining safety and customers to continue patronizing.

The entire team, from office to field is extremely professional, and work performed is first class!

We would highly recommend Champion Builders, Inc to anyone considering a project, "New Construction, Remodel, Fit-Out, Design Build, Etc" and we will certainly use them again for any of our future endeavors.
